February 4, 2009

Dear NETSA Members:

Our Scholarship Committee is excited and wants to inform you and your employees of our 2009 academic scholarships. This year, NETSA and our Scholarship Sponsors are giving out **Eight \$2000 scholarships**.

As a NETSA member business, your employees, their spouse, and their dependents are eligible to win one of these wonderful scholarships. The requirements are that the employee must have worked for your company at least two years and that the applicant will be attending an accredited 2 or 4 year college, university, or secondary technical college next school year.

We've enclosed some informational flyers for you to promote to your employees as a benefit you are offering them as a member of NETSA. Many companies are copying the flyer and inserting them in their employees pay check. Some companies are putting the flyer next to the time clock. However you choose to inform your employees is completely up to you.

Applications must be received by NETSA by April 30, 2009, and we had 19 apply last year. So please alert your employees soon.

Thanks,

Dick Cole - NETSA Executive Director

Tom Ferguson – The Richardson Group
Chair , Scholarship Committee
